# Polo

Open Door, only 45 minutes from Buenos Aires, with its 60 hectares (148 acres) of green parks, offers the possibility of practicing polo all year round while being in contact with nature.

The rent is framed by an aged eucalyptus grove, its neocolonial architectural design, its galleries and balconies, reproduces the atmosphere of the large houses of the Argentine ranches. Its 32 rooms have large windows overlooking the 4 polo fields, air conditioning, heating, 20" satellite TV, frigobar and safe box.

The central lobby will receive you every evening with its lighted fireplace where you will be able to enjoy a drink, a book or relax admiring the sunset.

Strolls along the river bank, the immense peace, the acoustic of the calenders make of the Resort de Campo & Polo an unforgettable experience.
